

## TURKS TO FIGHT UNTIL VICTORIOUS OR BEATEN

### Antagonism Is Aroused Among European Nations Over the Probable Division; Great Battle Impending

CONSTANTINOPLE, Nov. 7.—Public opinion in Constantinople is strongly opposed to the idea of seeking mediation or peace.

Nazim Pasha, the Turkish commander-in-chief, has reported to the government that the army is determined to fight until victorious or absolutely defeated.

The prisoners of war in Constantinople have been handed the grand vizier's signed declaration in the same spirit and the party of Union and Progress promises to support the government.

Reconnaissance by the eastern army today before Tehrui failed to show the presence of any Bulgarians, but Nazim Pasha reports that a Bulgarian reconnoitering party was repulsed about four miles from Teheri.

### LITTLE CHANGE IN LAST 24 HOURS

So far as can be learned here tonight, there has been little change in the military situation in the last 24 hours. A sort of semi-suspended armistice obtains on the Thracian plains. Both sides appear to require time to rest and reorganize after their exhaustive efforts. The roads are difficult for transport, and it is believed by Turkish officials that probably a week will elapse before hostilities are resumed along the Teheri line. This battle is expected to decide the campaign. The rumor that Salonika has been occupied has not been confirmed, but it is known that the town is hard pressed.

Musliman refugees continue to arrive at the outskirts of the city, from practically the whole country south of the Bulgarian advance. The scene outside the city walls at the Adrianople gate is one of dire distress.

### MEN, WOMEN, CATTLE, HUDDLED TOGETHER

Men, women and children, carts and cattle are huddled together. The authorities are trying to supply the immediate wants of the refugees, and have decided to send them to Asia Minor. Thousands have tramped the country the last few days, and have undergone intense suffering. They fear the invaders would burn the villages.

The ambassadors of the five powers held a meeting this morning at the port, and there met the grand vizier and the foreign minister. It is understood they discussed measures of public safety and the question of mediation, but nothing is known of the decision reached. The powers have made no move with reference to mediation.

### ANTAGONISM AROUSED OVER ALLOTTING TERRITORY

LONDON, Nov. 7.—The last 24 hours have brought little news of importance from the seat of war. Everything tends to show that almost irreconcilable antagonism will arise over the allotting of Turkish territory. Serbia claims her share a large part of Albania, including the Adriatic ports of Durazzo, Alessio and San Giovanni di Medua.

According to the Serbian premier's statement to the Paris Temps, the allies desire the partition of European Turkey, leaving the fate of Constantinople to the decision of the powers.

According to reports current in Berlin, the intention of the allies is to divide Albania between Serbia and Greece, but an agreement already exists between Austria and Italy which would be supported by Germany.

## DEMOCRATS IN CONTROL SENATE REGARDLESS DOUBTFUL STATES

### Have One-half Entire Membership With the Vice President to Vote Off All Ties

WASHINGTON, Nov. 7.—Control of the senate in the sixty-third congress is now practically assured to the Democrats. Conceding to the Republicans the legislatures of all states still in doubt, the Democrats will have a vote of 48, or just one-half of the entire membership of the senate, with a Democratic vice president in the chair to cast the deciding vote in case of a tie. Six states are yet to be heard from definitely. A senator from one of these would give the Democrats a clear majority, and it is possible that their strength will be even increased.

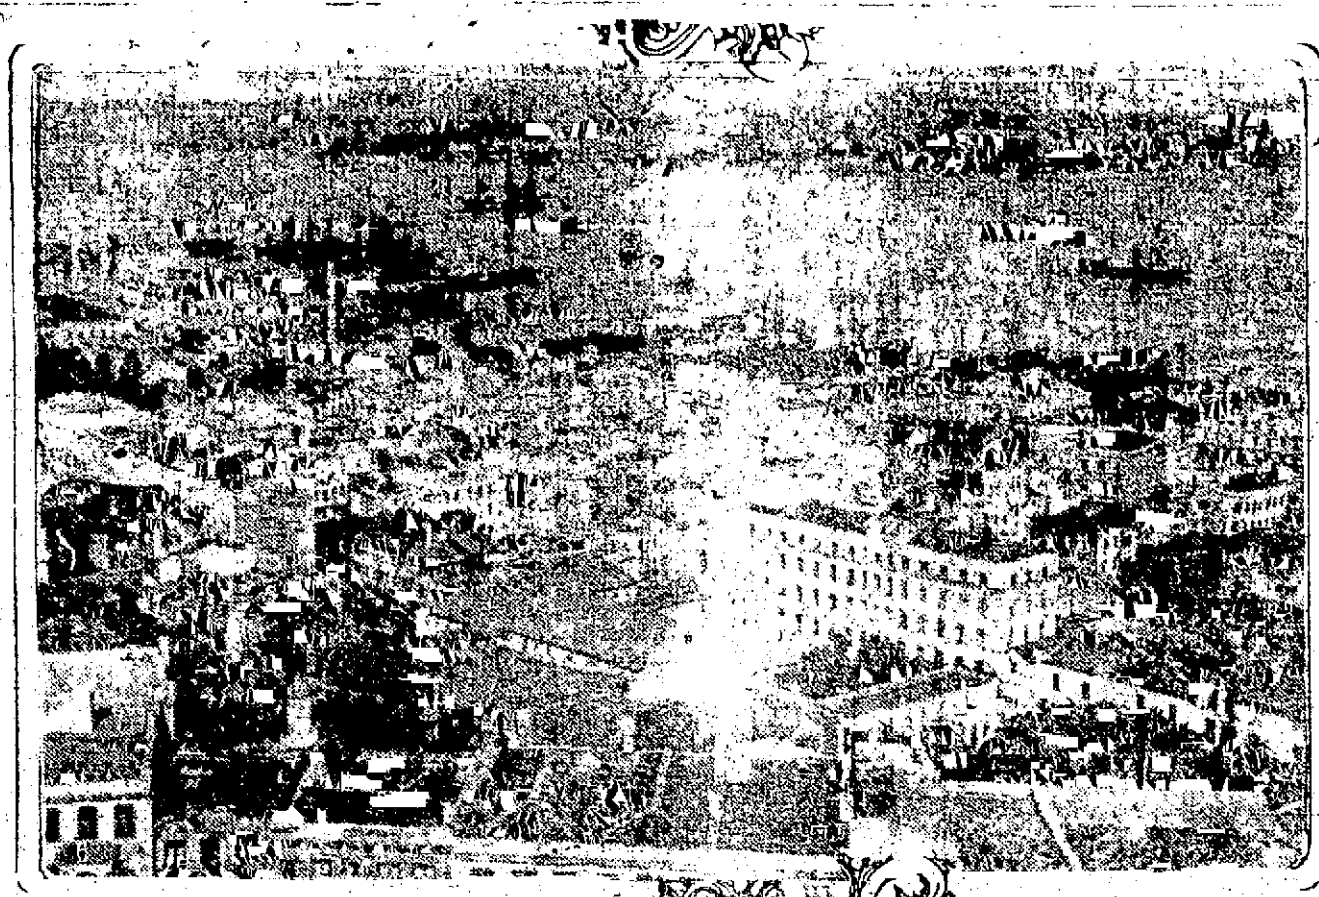

Kansas has been added to the Democratic column in the last 24 hours, the states in which the complexion of the legislatures is yet to be decided are:

Illinois, Michigan, New Hampshire, Oregon, Tennessee and Wyoming.

### Complications Arise

Ordinarily, Tennessee could be relied upon to help the Democratic party, but the factional fight there may prevent this.

In Illinois, there are indications that the Democrats will be favored, but the outcome is still doubtful. In Michigan, the Democrats are favored, but the outcome is still doubtful.

CONSTANTINOPLE, TURKISH CAPITAL, AGAINST WHICH BULGARIANS ARE THROWING THEIR WHOLE STRENGTH.

## COSTIGAN HAS MORE VOTES THAN PARKS

### Wilson Plurality Approaches 40,000, Mark With One Third Vote In

DENVER, Nov. 7.—Complete returns received tonight from 29 out of 62 counties in Colorado, including Denver, substantiate the predictions made Tuesday night that Woodrow Wilson's plurality in the state would approach the 40,000 mark.

These figures, together with partial returns from 33 of the remaining 33 counties, give Wilson 35,000; Roosevelt, 33,000; Taft, 11,000; and Ammons, 10,000. Wilson's plurality over Roosevelt is 2,000, and over Taft, 24,000. Wilson's plurality over Ammons is 25,000.

### State Ticket Elected

All of the Democratic state ticket undoubtedly has been elected, as well as four congressmen and a sufficient number of members of the state legislature to send Sherman and Thomas, Democrats, to the United States senate.

### May Take Official Count

DENVER, Nov. 7.—Returns late today assure a large Democratic majority in both the state senate and house of representatives.

Of the candidates to fill the 18 vacancies in the senate, returns indicate that 13 Democrats have been elected, of the 17 holdover senators, 11 are Democrats.

### Three Break Through

W. P. Kinney, only candidate running alone for the Republican senate seat in the Colorado district of 62, over Krieger (Democrat), Clarence P. Dodd, for congressmen, and Ben F. Griffith for state senator, are the only two running alone on the Progressive ticket.

### Successor to Vice Pres. Sherman Only Honorary Function

NEW YORK, Nov. 7.—Comment on the approaching election of a Republican vice presidential nominee to receive the 12 electoral votes of Idaho, Vermont and Utah, has been launched by the fact that several members and officers of the Republican national committee have the designation of a nominee from one of those states.

The results of Tuesday's election have made the filling of Vice President Sherman's place on the ticket an appointment of purely an honorary character, and suggestions have been made here that the honors should go to some Republican from one of the three states carried by Taft.

### Committee Meets November 12

When the national committee meets in Chicago, November 12, to select the candidate, it is not bound to designate any person, if a majority of the committee members favor leaving the nomination to the electors, that serious action would make it possible for a group of four Republican electors to select their own man from the list of nominees.

## WILSON CARRIES EL PASO BY 1,378; AMMONS BY 361

### Roosevelt Beats Taft by 1,443; Costigan Over Parks, 498; Complete Returns In

Wilson's plurality over Roosevelt, 1,378. Roosevelt's plurality over Taft, 1,443. Ammons' plurality over Costigan, 367. Costigan's plurality over Parks, 498.

### ONE KILLED, 4 INJURED, EXPLOSION EMPTY TANK

DENVER, Nov. 7.—Joe Stary, 13 years old, was instantly killed, Joe Tomaszewski, 14 years old, was seriously injured, and three or four other boys were badly burned late today by an explosion of gas in a tank which recently had been emptied of gasoline.

### CALIFORNIA

SAN FRANCISCO, Nov. 7.—Another election in Los Angeles figures at 11 o'clock tonight again put Roosevelt in front by 191 votes. The figures are: Roosevelt, 280,125; Wilson, 280,125; Taft, 120,000.

### SHAKE-UP IN HOUSE COMMITTEES RESULT OF DEMOCRATIC VICTORY

Gains in Membership Noted, but Several Changes in Personnel Doubtless Will Follow

### PROGRESSIVES ARE ONLY DEMOCRATIC OPPONENTS; REPUBLICAN KING DEAD

CHICAGO, Nov. 7.—Joseph Davies, western Democratic manager, was asked of the future before he left for New Jersey to report to Mr. Wilson.

"We have lost our Democratic factory and lost our Democratic machine," he said, and four platform committees are advertising.

"It is clear to me that the Democratic party has lost its chief opponent in the Progressive party. As for the Republican party, the king is dead."

"What do you mean by that?" he was asked.

"That the Progressive party has lost its chief opponent in the Democratic party. As for the Republican party, the king is dead."

"What do you mean by that?" he was asked.

"That the Progressive party has lost its chief opponent in the Democratic party. As for the Republican party, the king is dead."

"What do you mean by that?" he was asked.

## PENDULUM-LIKE CALIFORNIA SWINGS

### Throughout the Day Returns Fluctuate in Favor One, Then the Other

## ROOSEVELT CARRIES MINN.

### Vote as Reported to Date Is Less Than 1908, but May Yet Loom Up

NEW YORK, Nov. 7.—The election in Minnesota today was a close one, with Roosevelt leading by a narrow margin.

### Lacks Popular Vote

Although Roosevelt carried the state, he did not receive a majority of the popular vote.

### Complete Vote in County

The complete vote in the county is as follows:

President and Electors: Roosevelt, 1,200; Taft, 800; Wilson, 400.

U. S. Senator Long Term: Roosevelt, 1,200; Taft, 800; Wilson, 400.

U. S. Senator Short Term: Roosevelt, 1,200; Taft, 800; Wilson, 400.

Congressman at Large Two: Roosevelt, 1,200; Taft, 800; Wilson, 400.

Congressman Second District: Roosevelt, 1,200; Taft, 800; Wilson, 400.

Justice Supreme Court: Roosevelt, 1,200; Taft, 800; Wilson, 400.

Governor: Roosevelt, 1,200; Taft, 800; Wilson, 400.

Lieutenant Governor: Roosevelt, 1,200; Taft, 800; Wilson, 400.

Secretary of State: Roosevelt, 1,200; Taft, 800; Wilson, 400.

State Auditor: Roosevelt, 1,200; Taft, 800; Wilson, 400.

State Treasurer: Roosevelt, 1,200; Taft, 800; Wilson, 400.

Attorney General: Roosevelt, 1,200; Taft, 800; Wilson, 400.

State Superintendent Schools: Roosevelt, 1,200; Taft, 800; Wilson, 400.

District Judges (Three): Roosevelt, 1,200; Taft, 800; Wilson, 400.

County Judge: Roosevelt, 1,200; Taft, 800; Wilson, 400.

County Clerk: Roosevelt, 1,200; Taft, 800; Wilson, 400.

County Assessor: Roosevelt, 1,200; Taft, 800; Wilson, 400.

County Superintendent Schools: Roosevelt, 1,200; Taft, 800; Wilson, 400.

County Surveyor: Roosevelt, 1,200; Taft, 800; Wilson, 400.

County Coroner: Roosevelt, 1,200; Taft, 800; Wilson, 400.

County Commissioner (Second Dist): Roosevelt, 1,200; Taft, 800; Wilson, 400.

County Commissioner (Third Dist): Roosevelt, 1,200; Taft, 800; Wilson, 400.

Constables, Colorado Springs Precinct (Two): Roosevelt, 1,200; Taft, 800; Wilson, 400.

Constables, Colorado City Precinct (Two): Roosevelt, 1,200; Taft, 800; Wilson, 400.

Constables, Colorado City Precinct (Two): Roosevelt, 1,200; Taft, 800; Wilson, 400.

Constables, Colorado City Precinct (Two): Roosevelt, 1,200; Taft, 800; Wilson, 400.

Constables, Colorado City Precinct (Two): Roosevelt, 1,200; Taft, 800; Wilson, 400.

Constables, Colorado City Precinct (Two): Roosevelt, 1,200; Taft, 800; Wilson, 400.

Constables, Colorado City Precinct (Two): Roosevelt, 1,200; Taft, 800; Wilson, 400.

Constables, Colorado City Precinct (Two): Roosevelt, 1,200; Taft, 800; Wilson, 400.

Constables, Colorado City Precinct (Two): Roosevelt, 1,200; Taft, 800; Wilson, 400.

Constables, Colorado City Precinct (Two): Roosevelt, 1,200; Taft, 800; Wilson, 400.

## COMPLETE VOTE IN COUNTY

Complete vote in the county is as follows:

President and Electors: Roosevelt, 1,200; Taft, 800; Wilson, 400.

U. S. Senator Long Term: Roosevelt, 1,200; Taft, 800; Wilson, 400.

## SURE, QUICK COLD CURE—ACTS GENTLY

Pape's Cold Compound cures colds and grippe in a few hours—Contains no Quinine.

The most severe cold will be broken, and all grippe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress vanishes.

Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world which will cure your cold or end grippe misery so promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—contains no quinine—belongs in every home—accept no substitute. Tastes nice—acts gently.

### THE WEATHER

WASHINGTON, Nov. 6.—Forecast: Colorado—Fair Thursday, warmer in northwest portion; Friday, fair, except rain or snow in the mountains.

The following meteorological record is furnished by the Colorado college weather bureau for the 24 hours ending at 6 p. m.:

Temperature at 6 a. m.	24
Temperature at 12 m.	54
Temperature at 6 p. m.	56
Maximum temperature	58
Minimum temperature	21
Mean temperature	40
Max. bar. pressure, inches	24.06
Max. bar. pressure, inches	24.02
Mean velocity of wind per hour	5
Max. velocity of wind per hour	15
Relative humidity at noon	28
Wet bulb at noon	30
Precipitation in inches	0

## Girl Wheels Man Around the Block in Election Bel

Miss Anna Ahlstrom, clerk at the Chicago bakery, wheeled Steve Tate, clerk at the Hemenway grocery, a distance of four blocks, in a wheelbarrow, yesterday afternoon, before an admiring crowd of 500, to pay an election bet.

Miss Ahlstrom is an admirer of Roosevelt, and has the courage of her convictions, and so when Tate began airing his political views by lauding Wilson, the young woman promptly called him down.

"Why don't you bet," she asked, "if you are sure Wilson will win?"

After being embarrassed by the aggressiveness of Miss Ahlstrom for the Progressive cause, Tate remained silent until the young woman suggested the wheelbarrow wager.

But Mr. Tate is gallant. When Miss Ahlstrom appeared on the scene, yesterday afternoon, equipped with a wheelbarrow, to fulfill the wager, he declined and told her that he would cancel the wager.

Miss Ahlstrom would consent to no such procedure, and told him to get in, and then she wheeled him around the block.

## CAN HARDLY REALIZE THAT HE'S ELECTED

PRINCETON, N. J., Nov. 6.—"I can't realize that it's true," Woodrow Wilson, president-elect, thus greeted forenoon visitors today who swarmed to his house to offer congratulations. Among them were many members of the Princeton faculty.

"I can't realize that it's true," repeated the governor. "It hasn't quite dawned on me. I had been in an impersonal atmosphere for the last three months, reading about myself, reading that I was to be elected and how I can hardly believe it is true."

The governor rose at 10 o'clock. His breakfast was interrupted by a constant stream of congratulatory messages and the arrival of a large contingent from New York by Henry S. Morgenthau, chairman of the Democratic national finance committee on top of the cake was a horseshoe on which was inscribed "congratulations to the twenty-seventh president." There was also a miniature White house over which floated an American flag bearing a portrait of the governor.

Mrs. Wilson and her daughters assisted the governor in receiving callers. Governor Wilson this afternoon issued a statement in which he declared that "there is absolutely nothing for the honest and enlightened business men of the country to fear from the Democratic administration."

To President Taft at Washington, Mr. Wilson sent the following telegram:

"I warmly appreciate your kind message and wish to express my sincere personal regards."

To Colonel Roosevelt at Oyster Bay, he sent the following telegram:

"My sincerest thanks for your kind message. Pray accept my cordial good wishes."

## HIMEBAUGH ASKS FOR NEW FIRE APPARATUS AND FOR TWO ADDITIONAL POLICEMEN IN ESTIMATE

Following is the estimate of J. A. Himebaugh, commissioner of public safety, for the expenses of his department for the year 1913:

Hon. Henry F. Avery, Mayor:  
Dear Sir:—In compliance with article 7, section 39 of the city charter, I hand you herewith estimates of the probable expense to be incurred in the police, fire and electrical departments of the city for the year 1913.

POLICE DEPARTMENT.	
1 Chief of police	\$ 1,800.00
1 Captain	1,350.00
1 Secretary or clerk-detective	1,200.00
2 Sergeants	2,280.00
4 Detectives	2,880.00
2 Housemen	2,040.00
3 Chauffeurs	2,160.00
21 Patrolmen	20,160.00
Total	\$35,820.00

Extra police	\$ 250.00
Feeding prisoners	425.00
Operation, general	740.00
Food and shoes	1,350.00
Equipment, new	2,500.00
Equipment—Repairs, renewals, gasoline	400.00
Light and heat	60.00
Total	\$ 4,465.00

Grand total \$40,285.00

This is an increase over the appropriation of last year of \$4,280.00, but every item, in my opinion, is necessary for the betterment of this department. In explanation of the increase you will note that \$2,500.00 of same is for new equipment, which includes a combination automobile patrol and ambulance. Motorizing this branch of the police department is one of the most economical moves we can make.

You will note, also, that the appropriation calls for two more patrolmen than formerly employed. This I deem a necessity for the following reasons: At present we have just sufficient patrolmen to cover the beats in the business district and one beat in the residence portion of the city, when all officers are on duty. For the past summer it has been necessary to leave one of these beats open in order to provide officers to take care of the traffic at the corners of Pikes Peak and Tejon and Huettner and Tejon. The traffic has increased so much in the past two years that the two corners mentioned that we consider it necessary to keep officers stationed there in the future, and in order to accomplish this and not neglect any of the now established beats it will require two more officers, as asked for.

We have a written request from a committee composed of members of this department asking for an increase in salary of \$10 per month for each member of the department. This would mean \$320.00 a month, or \$3,840.00 more than the appropriation for salaries asked for. This I know it will be impossible to do at this time with the limited revenue of the city.

If you can consistently give us the appropriation asked for it will enable us to place this department on a par with other cities of our class throughout the country and to attend to police duties much more expeditiously than at present.

FIRE DEPARTMENT.	
1 Chief	\$ 1,800.00
1 Assistant chief	1,350.00
4 Captains	4,800.00
4 Lieutenants	4,320.00
1 Engineer	1,140.00
1 Assistant engineer	1,080.00
1 Auto driver and machinist	1,140.00
1 Fire warden	900.00
3 Operators	1,800.00
14 Firemen	16,320.00
Total	\$34,680.00

1 Tractor for hook and ladder truck	\$ 2,000.00
1 Motor apparatus	4,000.00
1 Motor runabout (assistant chief)	1,000.00
1,000 feet 2 1/2-inch fire hose	1,000.00
Total	\$ 8,000.00

5 head horses—feed, shoeing, veterinary services	\$ 1,300.00
Hauling ashes, manure, etc.	30.00
Light	180.00
Fuel	970.00
Repairs and renewals (autos)	300.00
Oil and gasoline	100.00
General supplies	250.00
Telephone service	250.40
Time service (Western Union)	12.00
Deficit, since two years ago	2,200.00
Repairs and renewals, general	300.00
Total	\$ 6,041.40

Grand total \$48,721.40

This totals \$9,721.40 more than the appropriation allowed for the year 1912. I see no item that should be left out, the full amount being needed for betterment and to maintain the efficiency of this department.

I have filed with me a petition signed by all members of the department and some 170 business men of the city, asking that \$10.00 per month more in salaries be paid each member of the fire department. This petition is addressed "To the Honorable Mayor and City Council," is why I make mention of it in this budget. To allow this would require \$3,600.00 more appropriation than above listed. Knowing as I do that it would be impossible for you to provide for or allow this department the amount I consider the requested increase in pay impossible for the coming year. After this department is fully equipped I hope the city can afford to grant the raise asked for.

The tractor, to cost \$2,000.00, may be put off another year, although it would be economy to get it now. It requires three heavy horses to take care of the hook and ladder truck at an expense of \$14.00 per month each for feed and shoeing. They are getting old, but have a very good value in them yet. A tractor would not cost anything to keep, while housed at the station.

The fire chief will be pleased to go over the matter of new equipment with you and explain more fully the importance of making these expenditures at this time.

ELECTRICAL DEPARTMENT.	
City electrician salary	\$ 1,500.00
Office expenses	150.00
Motorcycle maintenance	300.00
Stenographer and clerk hire	200.00
Expenses—Western Assn. E. Inspr.	125.00

Salary, maintenance and installing fire and police telephone switchboard at city hall	2,380.00
Operators' vacations	95.00
Lease on telephone switchboard, ringing and battery circuits, operators' desks, net, ringing and battery circuits	300.00
Installing new switchboard	120.00
Total	\$14,290.00

The above total may seem extravagant or unnecessary to you. It would take much writing to explain it all, so I will not undertake to do it in that way, but hand you herewith the city electrician's signed statement to me, and ask that you invite him (either with or without me) to meet with you and go over the situation for a full and complete understanding of it. I will also be pleased to bring before you the chiefs of the police and fire departments, to go over and explain all matters pertaining to the appropriations asked for in this budget. Respectfully submitted,

J. A. HIMEBAUGH,  
Commissioner of Public Safety.

## DO YOU KNOW

Anything safer than land loans and investments?  
How much more land is likely to be created?  
What will be the population of U. S. in the year 2000?  
What are the congested conditions, city or country?  
Will dry land ever be worth less than at present?  
Why not let me invest your surplus in land loans?  
Good security, good interest, good work for state development.

JOHN I. H. FOX, 228 N. Tejon

five of the 11 from Denver county were elected. Chester E. Smalley, nominated at the Republican primaries and endorsed by the Progressives and Prohibitionists, was the exception.

Vote on Amendments.

With the result of Tuesday's election in Colorado so far as the national, congressional and state tickets are concerned, practically settled, the interest has shifted to 32 initiated and referred bills and constitutional amendments. In some few instances the vote so far received has shown a lead in favor of certain measures and in such cases the outcome seems to be merely a matter of the size of the majority. This is true of the statewide prohibition, the vote from 11 counties including Denver, giving a majority of approximately 20,000 against that measure.

Home Rule Carries.

The vote on some of the bills as received from 11 counties, including Denver, follows:

## WILSON IS TO BE GOOD LISTENER FOR A WHILE

Says He Will Be in Receptive Mood to Consider  
Best Available Men for His Cabinet

PRINCETON, N. J., Nov. 7. President-elect Woodrow Wilson has not decided upon the personnel of his future cabinet and he intends to keep his mind open on the subject for a long time. He was manifestly concerned today about certain speculations emanating from Princeton with respect to the probable makeup of his cabinet. "To put an end, if possible, to all gossip about cabinet appointments is the object of the following statement:

"Such speculations are perfectly fruitless. I mean to keep my mind entirely open with regard to appointments of the first consequence until a final announcement is possible. It will be perfectly useless to resort to me for corroboration of any report because I shall have absolutely nothing to announce. No announcement will have the least authority that is not made over my own signature. These are matters which must be determined by very deliberate counsel and not by gossip."

Not Discussed Cabinet.

There is every reason to believe that Woodrow Wilson, both as presidential nominee and president-elect, has not only not discussed the framing of a cabinet with anybody, but will not make any final decision until he maps out his own course with regard to his administration.

From his announced intention of

being the "best listener in the United States" for a few months, it is probable that he will be in a receptive mood to consider the best available men for his cabinet.

The "Listening Period."

The president-elect said tonight that he considered the time between his election and his inauguration a period in which he should listen carefully to the ideas of men informed on national questions and that it was a "public duty" for him to do so. The president-elect was confronted tonight with reports about his proposed vacation. He said any definite announcement that he was going to the Bermudas was not authorized.

"For the very reason that I am going away to rest," he added, "I will have no announcement of my plans to make until the day before I start."

Take Regular Steamer.

He said that if he did take a sea trip he certainly would not go on a private yacht, but would go on a regular steamer. He is anxious for a vacation and it is likely that he will get away within a fortnight.

Governor Wilson had a busy time with his correspondence and telegrams today. Callers came in a steady procession in spite of the rain and muddy roads.

## TURKS TO FIGHT

(Continued From Page One.)  
into action against the vigorous fire of the Turkish artillery.

The Servians were not able to form up in fighting line and were obliged to make big sacrifices, taking one position after another at the point of the bayonet.

The Turks held such strong positions that they should have been able to annihilate the Serbian parties. Only at the end of the second day did the Serbian infantry succeed in driving the enemy from their strongholds and put them to flight in the direction of Megastir. The Serbian wounded numbered many more than the Turks.

FORCE DEMORALIZED;  
PEASANTS DISARM SOLDIERS.

SOFIA, Nov. 7. The Bulgarians occupied the town of Draining on November 5. The Turkish troops in that region have been scattered in all directions. The remnants are so demoralized that the peasants disarm them. The inhabitants warmly welcomed the Bulgarians.

THREE-DAY ENGAGEMENT  
ALONG TCHATALJA LINE

VIENNA, Nov. 7. Describing the attack of the Bulgarian army on the Tchatalja lines the Reichspost's correspondent at the front says:

"The Turks had taken up a strong command of Nazim Pasha with far fewer troops than he had expected. The Bulgarians, in order to cover the retirement behind the Tchatalja fortifications. The series of fights for these positions lasted all through Sunday, Monday and Tuesday.

"The Turks fought under the supreme command of Nazim Pasha with far greater tenacity than had been expected after their precipitate retreat in the last battle. When the pressure of the flanking movement by a column of the first Bulgarian army coming from the south began to make itself felt, the Turks moved forward with a strong force from Kavak and Bunar against Uzun Haji in order to break through the Bulgarian center. This attack completely collapsed under the fire of the Bulgarian infantry and artillery.

BULGARIANS ADVANCE

AT THE SAME TIME

"Simultaneously the third Bulgarian army advanced from Baume, west of Istrandia, for a decisive attack against the Turkish right center, which was lined up to the north of Yenekeli and threw it back on the Tchatalja line. This movement converted the failure of the Turkish attack on Uzun Haji into complete disaster. The divisions pushed

## GOV. FOSS HAD TO INCREASE MILITIA

SALEM, Mass., Nov. 7.—That Gov-  
ernor Lawrence found it necessary,  
during the Lawrence textile strike, to  
increase the military forces on guard  
there to preserve the peace was testi-  
fied to today by Dudley M. Holman,  
former secretary of the governor, in  
the Ettore-Giovannitti-Carusio trial for  
the Lepizco murder.

Mr. Holman said he heard Colonel  
Sweetser, in command of the militia,  
order the soldiers to clear the streets  
of strikers on the morning of January  
25, when the street car riots occurred.

Testimony relating to the planting of  
dynamite in Lawrence was admitted in  
limited form by Judge Quinn.

Mrs. Joseph Mika, until recently Jo-  
sephine Lisa, a girl striker, testified  
that Ettore continually told the strik-  
ers to be peaceful. She believed the  
mill owners planted dynamite in Law-  
rence.

"When the dynamite was found,"  
she said, "Ettore told the people it  
was a job of the capitalists."

"Don't provoke the militia; don't give  
the soldiers any chance to work; let  
the kids freeze," was another remark  
attributed to Ettore in the testimony  
of Frank Reider, a mill worker.

## LATIN-AMERICANS GLAD WILSON WAS ELECTED

NEW ORLEANS, Nov. 7.—Latin-  
Americans in New Orleans are jubilant  
over the election of Woodrow  
Wilson. A meeting of the Central  
American colony today sent a tele-  
gram of congratulations to President-  
elect Wilson, in which the belief was  
expressed that the Wilson administra-  
tion would mean the death of "dollar  
diplomacy."

## ADVENTIST CONVENTION

COLLEGE VIEW, Neb., Nov. 7.—A  
joint convention of the education and  
missionary volunteer departments of  
the central and northern union con-  
ferences of Seventh Day Adventists  
began here today in the central west,  
including Wyoming, Colorado and  
South Dakota.

## MRS. LESH HEIR TO INTEREST IN \$75,000

JACKSONVILLE, Ill., Nov. 7.—Mrs.  
Pansy Hastings Lesh, who told police  
authorities in Los Angeles that she  
had killed two women in Missouri by  
poisoning them, formerly resided in  
Jacksonville. She was the daughter  
of Hiram J. Hastings, who married  
Corra Luttrell, daughter of the late J.  
M. Luttrell.

The child was brought here by her  
parents when 2 years old. Her mother  
took the baby one evening to a rela-  
tive to keep it over night, while she  
went to a party. That was the last  
ever seen of the mother. The where-  
abouts of the daughter was never  
known after her sixth year. She has  
been sought especially since last May,  
when J. M. Luttrell died, leaving an  
estate valued at \$75,000, in which the  
child has a part.

The family knew nothing of the  
whereabouts of Mrs. Lesh until they  
read the story of last Sunday. The  
family is well known in this commu-  
nity.

RECEIVERS APPOINTED  
FOLLOWING SUICIDE

were appointed today for the stores  
controlled by William S. Butler and  
Company, the Gilchrist company, and  
Everybody's Store company. It is es-  
timated that the liabilities of the three  
concerns amount to \$1,500,000. William  
S. Butler, treasurer of the three com-  
panies, committed suicide by shooting  
last night.

## ASK PRES. TAFT TO STOP BALKAN WAR

WASHINGTON, Nov. 7.—Peace so-  
cieties and individuals are appealing to  
the president and state department to  
take steps for intervention in the Bal-  
can war, through the offer of good of-  
fices. These communications will all  
be properly acknowledged where an  
answer is invited, with an expression  
of regret that conditions do not ap-  
pear to justify any action by the  
United States at this time.

## PROGRESSIVES WILL BE BALANCE POWER IN ILL.

CHICAGO, Nov. 7.—With the Pro-  
gressives holding the balance of pow-  
er in the house of the Illinois legisla-  
ture, and standing a chance of ruling  
the senate by virtue of the Progres-  
sive tendencies of two Republicans  
who have been elected, Democrats and  
Republicans today discussed the com-  
mon ground on which they might unite  
in order to defeat the new party mem-  
bers.

That some understanding has been  
reached, tentatively at least, was in-  
dicated when Edward D. Shurtleff, for-  
mer speaker, said, after a conference  
with several Republican leaders, that  
the Democrats, with the backing of  
Governor Dunne, would have little  
trouble in electing the next speaker.

It was also reported that the lead-  
ers were considering Lawrence Y.  
Sherman, the Republican senatorial  
nominee for the short term in the  
United States senate, and James Ham-  
ilton Lewis for the long term, and a  
Dunne man for speaker of the house.

State Senator Funk, who was the  
Progressive nominee for governor, to-  
day announced his candidacy for the  
United States senate.

## JUPITER'S MOONS

From the Argonaut.  
One of the greatest discoveries of  
science is due to observation of the  
eclipses of Jupiter's moons. It was  
found that when the earth was in the  
part of its orbit nearest to Jupiter  
these eclipses occurred 16 minutes  
earlier than when it was in the farther  
most part, whereas, by all rules of  
astronomy they should have occurred  
at the same minute each time. It was  
deduced from this that light was not  
instantaneous, and consequently took 16  
minutes to traverse the diameter of  
the earth's orbit, a distance of about  
200,000,000 miles, thus giving to light  
a velocity of 186,000 miles a second,  
which was accurately shown later by  
other experiments.

A local preacher in a Methodist  
church in Japan has been made a  
member of the house of peers by the  
emperor.

## PENDULUM-LIKE

(Continued From Page One.)  
county contributed toward this change.

**SAN FRANCISCO, Nov. 7.**—Colonel Roosevelt's vote in California passed that of Woodrow Wilson at one period of the count of state returns today, but within a few hours belated returns from the highland districts had put Wilson back in the lead. Early tonight his plurality was slightly more than 1,000, and slowly creeping up. The several hundred remote precincts still unreported are expected to add something to these figures, as most of them are in counties that have returned Democratic pluralities.

A discrepancy in the Los Angeles county tallies led both Democratic and Progressive leaders to appeal today to the county clerk for a recount of the returns. It resulted in adding nearly 6,000 votes to the Roosevelt column, giving Roosevelt a temporary lead of about 500 in the state at large.

Roosevelt carried Los Angeles city and county by a plurality of 20,357, with seven precincts still missing. Today's returns brought no change in the congressional situation. William Kent, Progressive, in the First district, the only one remaining in doubt, maintained a slight but seemingly safe lead over L. G. Zimwalt, his Democratic opponent. If the final count gives Kent the victory, the states congressional delegates will stand: Pro-

## Nervous Debility Is Easily Overcome

Tona Vita Builds Up Run-down People Very Quickly

If you have a worn-out, miserable feeling, from morning till night; if your food does not nourish you properly; if you have little ambition and tire very easily; you are debilitated and run-down, and need something to build you up.

This Tona Vita will do in a few weeks' time. It is a remarkable medicine and is pronounced by most physicians the best tonic now being sold to the public.

Give this great tonic a trial. No matter how badly you are run down you will notice an improvement at once. In a few weeks you will feel as though you had been made over.

If you have lost flesh get on the scales after taking Tona Vita a week, and see how your weight has increased. Tona Vita is sold by Robinson Drug Co.

**WYOMING**  
CHEYENNE, Wyo., Nov. 7.—Three hundred and 10 precincts out of a total of 473 in Wyoming gave Wilson, 10,591; Taft, 10,223; Roosevelt, 4,624. The drop in the Roosevelt vote was due to the failure to count his vote in a number of counties.

The senatorial result is still in doubt. The Democrats have 40 votes

## JUST LIKE MISSING TRAIN-GOV. JOHNSON

Progressives Won a Victory  
Despite Election Result,  
He Declares

CHICAGO, Nov. 7.—Governor Hiram Johnson of California, candidate for vice president of the Progressive ticket, in Chicago today said his way home said that the defeat was merely an incident of the Progressive fight and of "little more consequence to the ultimate success of earnest men than was the missing of a train."

"We might express our determination in the words of Abraham Lincoln," he said. "All we have to do is to keep faith; remain steadfast to the right; stand by your principles; stand by your guns and victory complete is sure at last."

**Won Victory Anyway.**  
"The lasting and permanent victory was won by Progressives Tuesday in the crystallization of great public sentiment founded upon a moral conception."

"That immediate success did not come to candidates is of no consequence. The big thing has been accomplished. There is a new party in the nation that has come to stay; a new spirit in Americanism that means ultimately real progress; a new life in politics that marks a better national existence."

"Progressives in every state have had their baptism of fire. They are unafraid still and will preserve their organizations everywhere."

**Great Fight Begun.**  
"A mere battle has been fought, a great fight has begun. There has been in reality a substantial victory. Those who participated, I find, have added strength and courage to the conflict."

"In common with all Americans we wish Mr. Wilson a successful and prosperous administration."

"The Progressive party now has become one of the great national parties, with definite fixed policies, in the fulfillment of which it welcomes all but it is going forward with solemn determination to achieve its purposes."

Governor and Mrs. Johnson and the governor's secretary, Alexander C. McCabe, left tonight for California.

In the next legislature, the Republicans have 35. The necessary to choice is 43. Lincoln county is missing. Vinta county, which with Lincoln comprises a legislative district has gone Democratic by a small majority. The district elects eight legislators and holds elections vote.

**ARIZONA**  
PHOENIX, Ariz., Nov. 7.—Returns from 153 out of 301 precincts in the state give Wilson, 8,721; Roosevelt, 8,135; Taft, 2,506; Debs, 2,725; Chaffin, 178.

**NEW HAMPSHIRE**  
CONCORD, N. H., Nov. 7.—Complete returns for the entire state ticket give the Republicans a majority of 21 on joint ballot in the legislature which will be called upon to choose a governor and a United States senator. The complete vote for president: Taft, 32,864; Wilson, 34,743; Roosevelt, 17,802; Chaffin, 351; Debs, 1,640.

**WASHINGTON**  
SEATTLE, Wash., Nov. 7.—Fourteen hundred and fifty-one precincts out of 1,903 in the state give for governor: Lister, Democrat, 78,187; Day, Republican, 77,937.

For president, 1,233 precincts give: Roosevelt, 70,162; Wilson, 59,169; Taft, 44,182.

For congressmen-at-large, 1,177 precincts give Falconer, Progressive, 50,665; Bryan, Progressive, 48,975; Dewey, Republican, 47,810; Frost, Republican, 46,641; Connor, Democrat, 42,534; White, Democrat, 40,844.

The Socialist vote in the state was probably three times that of 1908. In Snohomish county Debs polled nearly 3,000 votes, and the candidate for governor received more votes than either Hay or Lister.

**TACOMA, Wash., Nov. 7.**—Albert Johnson, Republican, later tonight has a lead of 612 votes for congress, second district, over Stanton Warburton, incumbent, Progressive. For 457 out of 535 precincts Johnson has 21,655; Warburton, 21,042. Twenty-three of the remaining precincts are in Pierce and Jefferson counties, where Warburton is ahead and 55 in counties where Johnson is running well in the lead.

At 8 o'clock Republican headquarters refused to concede Governor Day's defeat and claim the election of the rest of the state ticket with the possible exception of Mrs. Josephine Preston, nominee for school superintendent.

**MINNESOTA**  
ST. PAUL, Nov. 7.—Returns at 6 o'clock showed that Theodore Roosevelt was still leading Woodrow Wilson in the contest for presidential electors. Two thousand and two hundred precincts out of 3,983 counted show Roosevelt's plurality to be about 10,000.

**IOWA**  
DES MOINES, Ia., Nov. 7.—Practically complete returns from all but five of the 99 counties of the state continue to increase the plurality of Woodrow Wilson. The figures are: Wilson, 369,132; Roosevelt, 148,640; Taft, 111,084. Wilson's plurality, 19,482.

Complete returns from all but two legislative districts in the state show that the Iowa legislature will be overwhelmingly Republican, thus assuring the reelection of United States Senator Kenyon.

Official count of the vote of Iowa will be necessary to determine the election of governor. Supposedly accurate returns from 98 out of the 99 counties of the state give George W. Clark, Republican, 176,182; and E. G. Dunn, Democrat, 176,099.

**GEORGIA**  
ATLANTA, Ga., Nov. 7.—Official returns from all counties show Wilson, 98,657, a majority of more than 71,000. Roosevelt received 21,945 and Taft, 5,167.

**IDaho**  
BOISE, Idaho, Nov. 7.—Returns received late tonight representing four-fifths of the vote of the state indicate that Wilson has carried Idaho by a small majority. An official count may be necessary.

The returns received up to 12 o'clock tonight gave Taft, 70,241; Wilson, 25,700; Roosevelt, 14,628.

**SOUTH DAKOTA**  
SIOUX FALLS, S. D., Nov. 7.—With the Democratic headquarters at Yankton still claiming a chance for John-

## FREE at Our Store

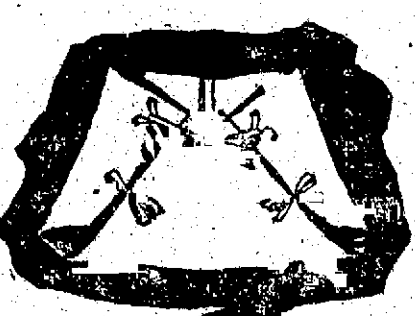

Wonderful

## Vanta Diaper

No Pins No Buttons

By special arrangement with the owners of the patent, we are able to give a free pattern for making the wonderful Vanta Diaper to every mother who will come to our store and ask for it at once.

Vanta Diaper is perfect fitting—no pins—no buttons—folds with extra thicknesses where needed, but without the harmful bulkiness of ordinary diapers which makes baby bow-legged. Fastens with just three twistless tape bows.

The quantity of these Free Vanta Diaper Patterns allotted to us is limited—so come for your pattern at once.

It is absolutely free to you—nothing to buy—just come in and ask for Free Vanta Diaper Pattern.

**The Vanta Co.**

SAMUEL M. RALSTON, Democrat, Elected Governor of Indiana.

son, and with Chairman Sherwood of the Republican state committee claiming the election of Byrne for governor by 4,400, the indications from the latest reports of Tuesday's election point to Byrne's election by a majority in the neighborhood of 2,000.

Returns thus far received on governor show a total of 27,672 for Byrne to 25,830 for Johnson.

The tendency of the belated returns, which are coming from the distant precincts, indicate the usual Republican vote, which seems to make certain the election of Byrne.

The Democrats have gained a few seats in the state legislature, but the Republicans will control by a large majority, insuring the election of Thomas Sterling, the successful Republican candidate as the premier, to the United States senate as the successor of Senator Gamble.

Roosevelt's plurality in the state over Wilson will approximate 5,000.

**KANSAS**  
TOPEKA, Kas., Nov. 7.—Although complete unofficial returns from all the counties of Kansas have been received, the result of the contest between Arthur Capper, Republican, and George H. Hodges, Democrat, for governor, still is in doubt, and probably the official count will be required to decide which is elected.

Republican State Chairman Dole said the returns gave Capper a lead of 1,600 votes, while, at Democratic headquarters, Hodges was credited with a plurality of 1,500. Independent compilations place the Democratic candidate ahead from 500 to 1,000 votes.

The result on the state ticket probably will be determined by the mail vote, which is expected to total at least 3,000.

At the State university and the State Agricultural college 800 votes were cast. Under a law enacted by the last legislature legal voters who are unable to vote at their precinct are ineligible to vote at their votes.

The mail vote may not be counted until three days after election. After the official count of these votes in the various counties tomorrow, they will be sent to the state officers, who will officially count the total vote next Tuesday.

Complete unofficial returns give Wilson 20,000 plurality over Roosevelt, and William H. Thompson, Democratic candidate for United States senator, has a lead of 15,000 over Stubbs, Republican.

**ILLINOIS**  
CHICAGO, Nov. 7.—Returns up to 8:45 p.m. from all parts of Illinois with 130 precincts not heard from, give Wilson a plurality of 9,437 over Roosevelt.

Late returns gave additional gains to Wilson in Illinois and his plurality went up from 9,437 to 13,940.

Edward F. Dunne, Democrat, carried the state for governor by a plurality of 110,654 with 204 precincts not heard from. Outside of Cook county his vote was 245,181, a plurality of 56,638 over Governor Deneen. Cook county gave him 84,016 over Deneen and 32,672 over Funk.

**WISCONSIN**  
MILWAUKEE, Nov. 7.—Governor Francis E. McGovern, Republican, will have a plurality of at least 5,000 votes over Judge John C. Keadel, Democrat, in Wisconsin, according to returns received by Republican State Chairman Scott.

The returns today do not alter Wilson's estimated plurality of 20,000 to 30,000.

**INDIANAPOLIS**  
Nov. 7.—Four months' activity on the part of labor leaders on the Pacific coast preceded the fatal explosion in Los Angeles, according to letters and telegrams introduced by the government at the trial of the 45 accused "dynamite plotters" today. From telegrams and letters read to the jury the government set forth this part of its contention as follows:

Four months before the Times building was blown up, Eugene A. Clancy, a labor leader in San Francisco, who had been instructed to investigate labor conditions in Los Angeles, telegraphed to John J. McNamara, in Indianapolis:

"The fight is on to Los Angeles. We are going to win. Send Hockin at once."

McNamara, after referring the request to Frank M. Ryan, president of the International Association of Bridge and Structural Iron Workers, wired Clancy:

Get Man to Do Work.

"Better get a man in Los Angeles to do the work. Hockin too busy in the east."

It was about this time, according to Orville E. McManis's confession, that Herbert S. Hockin was leader of the "dynamiting crew."

Clancy went to Seattle on August 16, 1910, and H. W. Pughman, a labor leader there, wrote to J. J. McNamara:

"Clancy met his man here, after waiting a week for him, and heeding here every day. I think I understand the situation."

**NEW YORK**  
Nov. 7.—William Sulzer, Democrat, announced today that he would continue to serve as representative in congress until the end of the year.

## The Colorado Springs Dry Goods Co.

120-122 South Tejon Street

## "FIGHT ON, SEND HOCKIN AT ONCE," WIRED M'NAMARA

Seattle, and the government charges that Clancy met him here. On August 31, an office building under construction in Seattle was blown up.

At this time \$1,000 was voted by the Iron Workers union executive board to the California Building Trades council for use in promoting the union at Los Angeles. A receipt for the amount, signed by Olaf A. Tveitmo, secretary of the council, was produced.

**Knew of Mission.**  
James E. McNamara, in the meantime, visited San Francisco, and later went to Los Angeles, where he blew up the Times building, October 1. Clancy visited Michael J. Young, Boston, another defendant, but, according to telegrams, hurried back to San Francisco when he heard 21 persons had been killed.

The government contends the correspondence shows that McNamara's mission to the Pacific coast was known to Clancy, Tveitmo, and to J. E. Munsey of Salt Lake City, who is charged with harboring the dynamiter for two weeks after the explosion.

Testimony that dynamite was taken to the Iron Workers headquarters in Indianapolis to within a few weeks before the McNamara was arrested, was given by Martin J. Hyland, chief of police of Indianapolis. He identified newspapers that had been wrapped about four packages of dynamite. They were newspapers from Cleveland, Pittsburgh and Cincinnati, the latest being dated April 3, 1911.

## CUBANS TO PROTEST MENOCOL'S ELECTION

HAVANA, Nov. 7.—The leading Zinistas at a conference today decided to convene a Liberal assembly in Havana for the purpose of taking steps to disprove the legality of the recent election of General Martin Menocal as president of the republic.

**NEWSPAPER ARCHIVE**

# GOLD DUST digs deep after germs

Soap merely washes over the surface, leaving a greasy film behind it.

Gold Dust "goes to the bottom," and insures absolute purity and sanitary safety. Why not sanitize your home, as well as clean it?

Soap needs muscle help; Gold Dust does all the hard part of the task without your assistance.

Gold Dust is a good, honest, vegetable-oil soap in powdered form, to which are added other purifying materials in just the right proportions to cleanse easily, vigorously and without harm to fabric, utensils or hand.

## Another National Campaign "Swat the Dirt"

"Let the GOLD DUST TWINS do your work"

THE N. K. FAIRBANK COMPANY, Chicago

## DEMOCRATS IN CONTROL

(Continued from Page One.)

SENATOR WOOD announced his intention of voting for the Democratic presidential ticket some time before the election.

This determination was not, however, to a peculiar combination of circumstances, and the Democratic party for perhaps would not wish to have a contest as binding as that between the two legislative bodies. This is a possibility.

### Progressive Holdovers.

Of the 21 holdovers, 10 could be again have been elected. Progressives in the past. They are known as "Progressives" because of their support of the Progressive party, and they are known as "Progressives" because of their support of the Progressive party.

Much interest is manifested in the political affiliation of the Progressives. Heretofore they have been content to be known as Progressive Republicans. When any number of them withdrew from the Progressive party, a problem was created.

## RUSSIAN SAILORS ARE CONDEMNED TO DEATH

SEBASTOPOL, Russia, Nov. 7.—The Russian court has sentenced 17 sailors to death and 100 to imprisonment for their part in the mutiny at Port Arthur.

## PLACE "WHITEY" LEWIS ON TRIAL IN N. Y. TODAY

NEW YORK, Nov. 7.—United States district judge J. M. McKim will today place on trial in New York the first of the four defendants charged with the murder of Herman Rosenthal.

GOV. FRANCIS E. MCGOVERN, Republican, Redeemed Governor of Wisconsin

## WESTERN PACIFIC GETS ENTRY INTO RENO, NEV.

SAN FRANCISCO, Nov. 7.—Representatives of the Western Pacific railroad announced today that an agreement had been reached with the Nevada-California-Oregon Railroad company which would give the Western Pacific its long sought entry into Reno. The Nevada-California-Oregon railroad plans to standardize its road from Doyle, Cal., to Reno by the addition of a third rail to its narrow gauge track. The Reno cars will be switched to the Western Pacific tracks at Doyle and will be run through to San Francisco without a change of trains.

The traffic agreement between the two roads will give San Francisco another rail entry into Reno and will give Reno another rail entry into San Francisco.

Also President T. E. Dunaway of the Nevada-California-Oregon railroad verified the agreement regarding the company's plan. It is said that work has already been started on the standard gauging of the road.

## GROUNDING STEAMER IS STILL ON ROCKS

QUEBEC, Nov. 7.—With 500 steerage passengers and a crew still on board, the Canadian Northern steamer Royal George (which) remained fast where she went aground one mile east of Point St. Lawrence last night.

A northeasterly gale with wind blowing 50 miles an hour and a high sea and heavy rain interrupted the work of transferring the passengers to ships sent to the stranded steamer's assistance.

## PROGRESSIVES WILL ASK REPRESENTATION

Rule on the Appointments to Committees May Cause Complications

WASHINGTON, Nov. 7.—Statements by Progressive leaders, that they will expect representation on nonpartisan government boards and commissions, has led to an examination of the laws and precedents bearing on such appointments.

This shows, it is declared, that the lawmakers, in creating nonpartisan boards and commissions, made no provision for the selection of members from minority parties.

Consequently, the general rule has been merely to prohibit more than a majority of the members of these boards and commissions being elected from any party, nothing being said from what party or parties the minority shall be chosen. In accordance with this, President Wilson could be legally free in most cases to select minority members from any of the minority parties.

The Hepburn rate law, increasing the number of members of the interstate commerce commission from five to seven, provided that not more than four commissioners shall be appointed from the same political party.

Requirements of Law.

The law governing the appointment of the three civil service commissioners provided that "not more than two shall be adherents of the same party." The law creating the board of general appraisers at New York provided that not more than five shall be appointed from the same political party.

## SHAKE-UP IN HOUSE

(Continued From Page One.)

The vacancy at the head of the public buildings and grounds committee.

The vacancy at the head of the public lands committee caused by the failure of Representative Robinson of Arkansas to return, probably will be filled by moving an Representative member of the committee on expenditures.

### Chairmanships Open.

The banking and currency committee investigating the so-called money trust will be without a head. Representative Phipps of Louisiana, having resigned, Representative Carter Glass

of Virginia is the ranking member of the committee.

The retirement of Representative Lamb of Virginia, as head of the committee on agriculture, opens this place for Representative Lever of South Carolina, but Mr. Lever would be forced to give up the chairmanship of the education committee, which would go to Representative Amory of Ohio. This accounts for all the chairmanships left vacant by the election, but the formation of the Wilson cabinet may alter the list further.

Representative Hays of Texas, chairman of the rules committee, Representative Perkins of Texas, a member of the appropriations committee, and Representative Underwood, head of the ways and means, have been mentioned as cabinet possibilities.

GAZETTE—60C A MONTH

# FABLES by "Pheloni"

The Fable of the Umpire Who Tried Moral Suasion

Copyright, 1912, by Felix Mendelssohn.

Umpiring of Quite Recent Seasons in the Major Company was a large, Red-faced and Perfectly Healthy Chunk of Beef who sometime previously wearied of Gazing All Day Long at the Tail of a Half-Obedient Mule as that Animal Hauled a plow Along the Furrows. This Athletic Individual, having been Frequently Chosen as Arbitrator in the Little Town Games, Conceived the Idea that he would like to Brave Destruction in the Real Cities, and so Begun Fighting his way up Through the Minors, with Marked Speed and a Vast Percentage of Success. Ultimately and in Due Course of Years, having Gained a Rep by Defeating Eleven Minor Managers in Pitched Battle, he was Picked for the Goat by the Big Man who Draws \$25,000 Per, and Received an Appointment on the Staff of the Mopes who go round the Circuit in Dark Blue and with Little Whisk Brooms Protruding from their Pockets. His Goal was Reached, and it Remained for him only to Stick like Fish-gut to the job.

Far Be it From Us to say that he was a Failure, for he Wasn't. Inside of two weeks he had Them Jumping Sideways when he Looked at them. He was quick on the Banishing Stuff, and his Wire to Headquarters, always Produced the Three Day's Suspension. He had a Voice like a Buff-frog Crossed in Affection, and the crowds Liked him from the Jump-off. All was Going well with him, excepting that some of the Players Complained of his Rough, Domineering Methods, when one Night he made the Error of attending a Lecture by a Long-Haired, Sad-eyed Man who Spoke of Gentleness, Humility, and the Value of the Golden Rule.

This Line of talk, somehow or other, Sank In, and the Big Umpire Fell for It Hook, Line, and Sink. "I am Too Strong with the Boys," said he, "and they are Entitled to Far better Treatment than they Receive. Hereafter, I shall be Mild and Kindly, Tender as a Father, and shall Govern the Ballfield by Love and Precept, not by Harshness and Brutality." And the very Next Afternoon, when a Large Slugger Emitted a Raucous Beep concerning a Called Strike, the Umpire did not Affix the Rattling Tinware to Him, but said to him, sympathizingly: "I may have been Mistaken, if so, I ask your Pardon, and will endeavor to be More Attentive to such Things in the Future." And when a Weezened Scut of the Old Kid Gleason Vintage let out a Roar on a Decision at the Plate, instead of telling him to Get out of the Arena, the Kindly Umpire smiled, Patted him upon the Back, and Hoped he Bore no Malice. And in this Fashion, the Softened and Wholly Remolded Umpire set

Knocked down Eleven Times, had his Feet Stepped on with the Spikes on Twenty-six Occasions, and Had Twice been Saved by the Fortunate Presence of the Constabulary. He was One Mass of Green Blue, Black, Purple, Pink, and Crimson Spots, and the Players were exulting in Open, Exuberant Rebellion.

And on the fourth afternoon, when the Chastened ump had Called a Bowlegged Infelder Out on a Wide one, and the Said Bowlegged Person had Pushed his Fist and a Gob of Opprobrious Characterizations into the Good Man's Features, the Arbitrator Took out a Watch, "This Golden Rule Business," said he, "will Last for Just Two Minutes longer, after Which I am Going to Kick the Stuffing out of Several People in this Immediate Vicinity." And so speaking, Giving the Watch Hardly an Even Show in Accurate Timing, he gave the Bowlegged Infelder a Terrific Smash in the Physiognomy. He then Laid Violent Hands upon the Captain of the Home Team, and Knocked him Out from under his Bonnet with a Single Swing. Then with one Long Leap he Fastened upon the Visiting Shortstop, and Rendered him Hors Du Combat in Eleven Seconds. The Rest of Them Fled in Several Directions, and the Recent Advocate of Brotherly Love, Resuming the Mask, Ran the Balance of that Game without a Murmur, while the Crowd Gave Him many Rounds of Applaudation, and Declared that he was the Best one Ever.

MORAL: The only place where moral suasion works is between the covers of a book. It doesn't seem to reach as far as the major leagues.

# Room for Christmas Sale

15c Hosiery  
3 Pair for 25c

Ladies Black Hose, warrant fast color, fleece lined, double heel and toe. 15c value. 3 pair, 25c.

5th, heavy, extra fine yarn, for 10c.

Newsday ARCHIVE®

**PERMANENT**

THE Progressive party is permanent. It will prove permanent, not because of its potential power, but because it is RIGHT.

Apparently the Republican party has met death as the result of a self-inflicted wound received at Chicago in the last National convention. The people, sitting as a coroner's jury, have indicated their belief that it was a case of plain suicide.

President Taft, proportionately with the period of time and the population of the nation, received the same number of votes given Millard Fillmore when the Whig party languished and languishing died. The parallel is deadly.

Democracy is in full bloom, but it will wither.

If it doesn't blunder history doesn't repeat itself.

The first fight will be precipitated when the hungry sons of calamity gather at the festal board to cut the pie.

Here in Colorado the hollow headedness of the leaders is apparent the first day following the election. Mr. Ammons says the people elected him on the conservation issue in an interview in a Denver paper.

The disingenuous south-saver from Grand county is apparently forgetful of the fact that he is running behind Mr. Wilson in the state and that the latter, in a speech made in Columbus, Ohio, announced himself as being as radical in favor of conservation as Colorado Roosevelt.

Mr. Ammons and his companions on the ticket were towed in by Mr. Wilson. Had it not been a Democratic year the party would have suffered irreparable defeat.

The legislature will prove an irritant to Shafroth and Thomas and perhaps stand in the way of their senatorial ambitions. The tariff issue will enter the legislature and involve the politicians in trouble of all kinds.

Two years from now, the Progressive party, with principles as old as the Ten Commandments, will possess an organization more formidable than either of the old parties. If, indeed, the Republicans possess an organization at that time.

A campaign, or crusade, will be inaugurated at once and followed up vigorously. The message of better government will be carried to the people in every section of the state. A course of lectures conveying some idea of what government ought to be will be given by the most prominent Progressive leaders in every city in Colorado before another election time arrives. Organization will be perfected where it has not been, as strong and effective as it might have been. The Progressive party is permanent. It is founded upon truth, humanity and popular government. In less than three months it leaped from third to second place in State and Nation.

**OUR PUBLIC LANDS**

ONE of the great questions that is now before the people of the country and which is particularly of interest to the people of the West is the policy of the Federal government concerning the management and control of the public lands, which comprise more than half the area of the United States west of the north and south line passing through the Eastern boundary of Colorado.

Up to a few years ago the public lands in the West were administered in a most liberal manner. The laws were interpreted in such a way as to offer the largest possible inducement to the pioneers who have developed a magnificent civilization in a territory which was within the memory of men still living nothing but a wilderness. From the West has come a stream of the precious metals that during the dark days of the Civil war saved the nation's credit and made possible a united country. In accomplishing these benefits a very liberal construction was applied to the technical wording of the statutes, a construction that

was apparently justified by the circumstances.

More recently with the changing conditions due to the settling up of the West and of the centering of the vast power of capital in the hands of a comparatively few individuals, the administrative construction of the land laws has changed and has become more strict. The idea of conservation has become paramount and has been applied to the public lands, to the great disgust of those who would seize and exploit those lands and then varied resources for their own benefit rather than for that of the people at large. These disgruntled individuals are wont to look upon conservation as the locking up of the public resources for the use of posterity without regard for the present generation. This is by no means true, conservation as understood by its advocates means the utilization of our resources with a maximum efficiency and a minimum waste. Conservationists seek to prevent the exploitation of these resources for the mere personal enrichment of the individual without regard for efficiency or waste.

In some cases the recent administration of the land laws has acted to lock up our natural resources temporarily. It is freely asserted and generally believed that this administrative policy is an effort to keep the remaining public lands in the possession of the government until Congress shall abolish the present somewhat crude system of disposing of them and provide another more in keeping with the spirit of the times. Let us hope the legislators will use their best endeavors to have laws enacted which will insure such an administration of the public lands that they will be used for the greatest good for the greatest number for the longest time.

**POISON AND PISTOLS**

From the Kansas City Star  
 If a boy or man should ask a druggist for a dollar's worth of poison, and he would be refused unless he had a physician's order for the poison, could he get a satisfactory answer that it was for a good purpose?

But any doctor can give the poison pill if he likes.

We have forbidden the sale of pistols to which, unless licensed, boys used to give themselves with a joy. The sure enough pistol will be used to do what the youth to kill other people.

**THE BALKAN "ARMAGEDDON"**

From the New York American  
 The stern nucleus of history and of civilization is pressing in upon the unspeakable Turk, who has outraged both history and humanity.

Constantinople, the capital of blood, the trophies of murder, stands at the foot of the world. Bulgaria's successful arms from the north are thundering at her gates. Serbia's victorious legions are rushing to join them from the west. Greece, with her millions of March and Thracians, is moving in from the south. And the little Montenegro is marching her army to the historic fields of the crimson carnage. While the Balkan states are thus arrayed, the Turkish empire is being crushed by the grim, belching battleships of the nations. Turkey is a world of reckoning for every slaughtered Christian behind her walls.

The millions of the gods grind slowly, but they grind exceeding fine, and the unspeakable Turk, who is grinding the upper and the nether millstones of history and humanity, is to be ground to powder by the justice of God and the artillery of outraged men.

The heart and the hope of America are with the heroic Balkans in this "Armageddon" where they really "battle for the Lord."

**A PRACTICAL TEST**

From the Pittsburgh Dispatch  
 It is interesting to learn from the seat of war that the experiment of using the aeroplane in war operations was tried at Adrianople with a result which went a little further than the Dispatch had predicted. Lieutenant Popoff, aviator with the Bulgarian forces, made a flight not for the purpose of attack, but for the purpose of view and report on the disposition of the Turkish forces. In doing so he got within the Turkish line of fire, and a shot from the Turkish cannon killed him and wrecked his machine.

Much attention has been given, especially in Europe, to devise means to repel aeroplane attacks. Army squads have been trained in firing at them, and specially mounted rapid fire guns have been invented. But at Adrianople an ordinary field gun loaded with shrapnel was sufficient for the purpose. The gunners, in fact, what could be done with guns of longer range, specially adapted to the purpose, in the line of repelling aeroplane bomb dropping attacks.

The aeroplane may still be valuable for scouting, just because the view from an eminence will reveal more of an enemy than the view from the lines in the engagement. But the wise aviator will not get too close to the enemy's guns, because in that case the information that he may have obtained will be of little use to his commander.

**CHROMATIC CRIMES.**

From the Washington Star  
 The other day a chromatic vision appeared upon the streets of Washington, startling, but no uncommon. A woman of middle age walked along one of the principal thoroughfares whose spectrum, ranging upward, consisted in the following combination: White shoes, pink dress, red blazer jacket, blue hat, brown, feather. The sun peeping out from behind a cloud shuddered and withdrew. But there were others in evidence, perhaps not quite so violent in defiance of the laws of chromatic combination. Indeed, it is almost impossible to take forth upon the streets without noting more or less license in the way of color association. The old laws of type blending have been long defied by intimate associations of blue and green, often to excellent effect, but frequently with deplorable results. The popularity of the red blazer jacket this summer and fall has put a new strain, however, upon the color conscience of the people, and some extraordinarily bizarre effects are in evidence, as in the case cited. Nothing can be done about it. There is no law against wearing a combination of every color in the rainbow if one can catch the fancy of the throng, and the finest sensibilities of the race are themselves. The affronted person can only close the eyes or look in another direction. But think of those who must sit opposite those prismatic persons in the street cars! It is to shudder in sympathy. Perhaps our public school teachers can begin to do some effective work in this respect by having the foundations of a substantial taste in color combinations. But even this is a slender reliance for the comfort of the future generation. The dictates of fashion and the fancy of the moment are the individual are subject to all teaching and mandate. One thing, however, should be done: Police regulations ought to be written and strictly enforced to prohibit two girls from walking down the street together,

the one clad in lavender and the other in red. That is a case of disorderly assemblage that is entitled to no forgiveness.

**EUROPEAN AND AMERICAN MEDICAL SCHOOLS.**

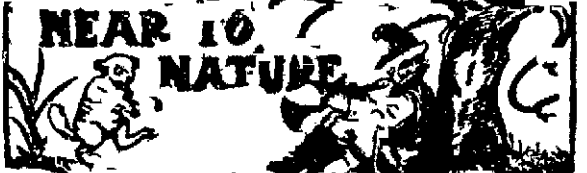

From the New York Sun.  
 There is no subject which more closely touches the happiness and welfare of the people and which receives scantier attention than the education of the men and women into whose hands we entrust the issues of health and sickness, life and death. It is of paramount importance to the people of the United States that the physician be a man of character but that he is thoroughly fitted for the responsibilities of his vocation. This is our warrant for watching every movement connected with medical education and the conservation of health and earning capacity of the people.

The recent report of the dean of the medical faculty of Columbia university to the president of that institution brings a clear perspective as to the hitherto obscure phases of medical education in this country. Americans generally have quite complacently regarded the strictures upon laxity of medical education in our country and our resources for laboratory and clinical bedside training as merited by existing conditions. It is not only gratifying to our national pride but exceedingly satisfactory to our sense of security to learn from the report of the Carnegie Foundation, which has thrown a searching light upon medical education in this country, that the same conscientious and painstaking investigation has demonstrated that the German, English, and French medical schools are not so superior to the American as is erroneously supposed.

The clinical instruction received in Germany is often bad and inferior to that given in the best American schools, and laboratory methods in Germany are very elementary and inefficient. The Carnegie Foundation report leads us to infer that the laboratory instruction is of a low grade in France also. Dr. Lambert concluded from a searching review of the Carnegie Foundation report that the best medical schools in America furnish better laboratory teaching than the German schools and that they are rapidly becoming as good clinical schools as are those of France and Great Britain. The amount of money expended by our medical colleges for the training of each student is much in excess of that spent by the German schools. The average cost in Germany is \$565 annually, while the Carnegie university spends \$700 on each student. The difference, it is said, Dr. Lambert does not represent a vast superiority in the American schools, but it does represent a difference between American and German schools. Indeed, in the German estimate the entire cost of hospital teaching is added whereas here the hospital budget is not included. This includes the Presbyterian and Sloane hospitals and the Vanderbilt clinic.

The fact that the medical department of Columbia university faces a deficit every year as does every other school that furnishes the best instruction in the United States is a fact which is a source of regret to many on superficial view, but it is a fact which is a source of pride to those who are true to the difference between American and German schools. Indeed, in the German estimate the entire cost of hospital teaching is added whereas here the hospital budget is not included. This includes the Presbyterian and Sloane hospitals and the Vanderbilt clinic.

It would appear to be a philanthropic enterprise of far-reaching beneficence for the public-spirited citizens to enlarge the Harkness fund sufficiently to liberate the medical school from its present dependence and to consummate the splendid plan of converting the Presbyterian hospital into a teaching institution combined with research laboratories that may be equal if not superior to any medical school in the world.

**CONGRATS!**

From the Louisville Post  
 Mr. and Mrs. Zinz have returned from a western bridal trip and on their return will reside at the home of the young couple on Triplett street.

**SUCH AS READING POETRY**

From the Caldwell (N. J.) Progressive  
 For Rent: deathman will rent extra unburnished rooms in a new apartment at great reduction to a certain couple in return for slight services rendered by the lady.

**INDIANA ENTERPRISE.**

From the Peru Journal.  
 Mrs. Jennie Allen and Harry Allen will continue in the undertaking business exclusively under the firm name of Allen & Son. They will also retain the agency for the Hartford Fire Insurance company.

**People Who Antagonize**

By RUTH CAMERON.

A woman who had been very successful as one of the subordinates in a window trimming department was hired away by another shop to head their department. She had been extremely valuable to her first employer because she was so full of original ideas and suggestions. In the second shop she was a complete failure and was soon discharged.

Why? Because, while she knew almost everything there was to know about window trimming, she didn't know one thing about tact.

She went to her new position bristling with impatience to revolutionize the department. She hadn't been in the office an hour before she told a man who had been in the business twice as long as she had that his ideas were all nonsense.

Undoubtedly she was right in a good many of her criticisms, but little good it did her. She couldn't do all the work herself, she couldn't get her subordinates' cooperation. She simply succeeded in demoralizing the department, and soon so demoralized that she was told to go. It was necessary to let her go and to find some one who might not know so much about window trimming, but did know something about tact.

How often one sees people like this woman; who are undeniably more competent than their neighbors and who are eager to share their superior intelligence with them, but whose kindness is always ungratefully declined because of their infuriating manner of offering it.

A neighbor of mine is a capable woman of superior intelligence and endowed with a really genuine desire to help her friends by sharing what experience and native intelligence have taught her. If she had a little more tact and a little more respect for other people's opinion she might do a world of good. But as it is she simply sets people by the ears the minute she tries to help them.

She comes to me sometimes and tells me how and she feels because Mrs. R., who is a young matron, new at the business both of motherhood and homemaking, will not profit by some of her experience. "I am so fond of her," she says sadly, "and I really want to help her, but she seems to take pleasure in going contrary to all my advice."

As it happens Mrs. R. also sometimes confides in me, and this is her way of putting it. "She comes in here and tells me that I don't know a thing about babies, and that I make my beds wrong, and don't hold the broom right and don't know how to run a sewing machine. Sometimes I know she is right but she makes me so mad that I wouldn't do her way for anything on earth. So there!"

It is unfortunate to antagonize people when you want to help them. But it is that the person who has no respect for other folks' intelligence always does.

**Providence, Rhode Island**

By GEORGE FITCH.  
 Author of "At Good, Old Swinaway"

Providence, the major fraction of Rhode Island, is located a few miles south of Pawtucket and Woonsocket and on the fourth stop out from New York on the New York, New Haven and Hartford railroad, which kindly permits its trains to stop there. Owing to the extremely small size of the state of Rhode Island, many people have looked for Providence on the map in vain, but for many years it could readily be found at any time in the vest pocket of General Brayton, who would take him for safe keeping.

"If there is a Providence man around he will grab for his dinner bucket."

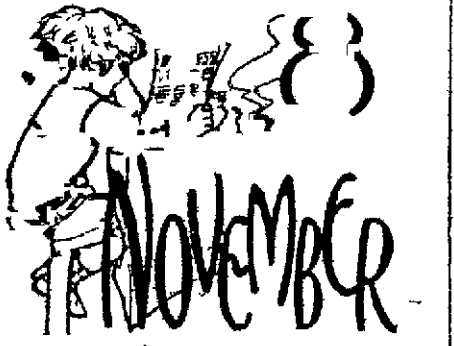

Providence, the major fraction of Rhode Island, is located a few miles south of Pawtucket and Woonsocket and on the fourth stop out from New York on the New York, New Haven and Hartford railroad, which kindly permits its trains to stop there. Owing to the extremely small size of the state of Rhode Island, many people have looked for Providence on the map in vain, but for many years it could readily be found at any time in the vest pocket of General Brayton, who would take him for safe keeping.

Providence was founded by Roger Williams in 1633 and in the first 270 years of its existence it has managed to have five miles of streets with asphalt and paved its railroad to build a new depot. It was a great achievement in early days but some years ago it lost its water front and has never dared search Mr. Mellen for it.

For many years Providence was only one half of the capital of Rhode Island but some years ago it not only got the other half away from Newport but also became the provisional capital of the United States. However it has lost that distinction since Mr. Aldrich stopped being the United States senator.

Providence has a slight American majority in elections with the Irish in full pursuit and because it blows its factory whistles too late in the evening it has 15,000 illiterate people. On the other hand it has Brown university, which scores on Yale every year or two. Providence is old fashioned in its business district its tenement sections and its school laws but its mill lionaires are right up to date.

(Copyrighted by George Mathews Adams)

**IF THIS IS YOUR BIRTHDAY**

Some trouble about money will come to you. Take no vengeance, even if within the law. A steady course will slowly overcome the difficulty.

Those born today will be strong and energetic but not of careful judgment. They will succeed best when in employ or associated with those of more practical minds.

**NOT BIGOTED**

Senator La Follette was talking about a political boss who seemed, for all his boasts of clean-handedness, to be a little sordid and spotted. "He says he's an anticorruptionist," remarked Senator La Follette, smiling, "but I suppose he means that he's not a bigoted anticorruptionist."

"Not bigoted?" said the puzzled correspondent.

"It's a little story," was the reply. A drummer heard an eloquent temperance lecture one night in the town hall of Nola Chucky, and an hour later, at the Nola Chucky hotel, the drummer saw this same identical temperance lecturer drinking, one after another, whiskies with beer chasers at the bar.

"Why, how's this?" the drummer exclaimed. "I thought you were a total abstinent!"

"So I am," the lecturer replied; "so I am, my young friend; but I ain't bigoted."

**BACK CHAT**

Robert Henri, the artist, was talking at a dinner in New York, about the over-finished and banal work of painters of the Bouguereau type.

**An Art Lamp makes an ideal Christmas present.**

We are showing more than 50 new styles, ranging from \$10.00 to \$35.00 each. There is a decided advantage in making an early selection.

**Hardy's Gift Store**  
 16 N. Tejon

**THIRTY YEARS AGO TODAY**

November 8, 1882.

A 100-yard footrace was run between John Hoagland and Officer Frank Rawson, in which the latter was beaten by about one yard. Rawson was confident that he could beat Hoagland, and another race was to be arranged.

A slight earthquake shock was felt in the northern part of the state, and some people thought that they had noticed it in Colorado Springs.

Col J H Bacon and wife returned from an eastern visit.

**TWENTY YEARS AGO TODAY**

November 8, 1892.

This year election day at Dover, Cleveland was elected president. D H Waite, Populist, was elected governor of Colorado. El Paso county was republished by a safe majority.

There was a small fire in the residence of J J Hays, on South Washington avenue. It was put out before the fire department could get there.

There was a football game between the teams of the college and the high school. The former won by a score of 48 to 0.

**THE HASKIN LETTER**  
 THE COUNCIL OF JEWISH WOMEN

By FREDERIC J. HASKIN.

Nearly 20 years ago, a company of broad minded women of the Hebrew faith decided to form an organization which would further the numerous philanthropies for which the Jewish people are noted and also influence the cultured women of the race to promote the religious and educational interests peculiar to their own faith. The Council of Jewish Women is organized, includes in its membership most of the cultured Hebrew women of the country and has branches in all of the larger American cities. It is governed by an executive board composed of officers and directors selected from all parts of the country. Upon this central board devolves the responsibility of continuing most of the work undertaken by the different branches. While the headquarters are maintained in New York city, the meetings of the board are held in different cities, thus stimulating the interest of some local branch each year. (Continued on page 9.)

gratitude was pathetic when she was placed in a position where she received \$1 a week for her work. (Continued on page 9.)

Because of the number of people of Jewish faith who are oppressed in various European countries and thus driven to America the immigrant aid work has been given an important place in the work of each branch of the council, being especially large in those cities having the greatest numbers of Jewish immigrants. In the seaboard towns the council provides for a woman agent at the large office to meet the Jewish immigrant women and girls and assist them in any way needed. This agent, who usually is required to speak several languages including Yiddish, Hungarian, Russian or Rumanian, can ascertain from the girls their plans for the future. If they are traveling alone to meet relatives and friends she will see that they are guided to their proper destination, thus protecting them from the many dangers that would ordinarily come to women in a strange country. In most seaboard towns a list of the women coming alone must be secured, with the permission of the local commissioner from the ship's manifest, and these girls can be followed up by a friendly visitor to the addresses to which they have gone. There are many wealthy Jewish women who spend a large portion of their time in following up these foreign women and giving whatever assistance they may need before becoming permanently established in some self-supporting occupation.

In New York and Philadelphia the Council of Jewish Women took charge of nearly 2,500 Jewish immigrant girls during a period of three years, their ages ranging from 11 to 30 years. In the case of the younger girls, provision was made for them to enter the public school, where they received instruction under the compulsory education law which fitted them for a self-supporting position later on. Positions were found for the older girls and, for at least a year, each was looked after by some friendly woman who kept in touch with the factory or other place in which the girl was employed, securing for her wages in proportion to her skill and helping her in every possible way. Classes in English for these girls, who are too old to attend the public school have been generously provided by many branches of the council.

While more classes are conducted for women than for men, the Hebrew settlements endeavor to provide for the needs of the whole family. The settlement is not designed to be wholly a place of study, of recreation or of industrial work or religious training; it aims to be a civic center, through which all the interests of the locality may be increased. The Jewish settlement workers keep closely in touch with national and state conferences of charities and correction, and with all other organizations of sociological reform, in order that no opportunity to improve upon methods may be neglected.

In recognition of the fact that the tendencies of modern life are too often apt to destroy the keen religious zeal which has always been characteristic of the Hebrew race, the Council of Jewish Women especially endeavors to exert its influence toward a greater devotion to religious duties and a more frequent attendance upon the religious services. The members of the council are urged to feel an individual responsibility in the observance of the Sabbath and all holy days, and to refrain from shopping and all unnecessary work or business upon these days. They should prove their reverence by attending the synagogue services, thus honoring the very foundations of Judaism. The importance of the practical study of religion is urged. This is divided into two parts: the living examples and the study of the commandments. The committee upon religious instruction (Continued on page nine.)

# LAST OF ALLEN GANG, VIRGINIA DESPERADOES, ARE BROUGHT TO TRIAL ON MURDER CHARGE

WYTHEVILLE, Va., Nov. 7.—The last of the desperadoes of the Allen gang, charged with the Hillside court house murder, were brought to trial today in the Hillside court house. The defendants are: Sidna Allen, Wesley Edwards, and Claude Allen. They were charged with the murder of Judge Thornton Massie, a woman speculator and three court officials in the Hillside court house, on March 14, 1912.

The difficulty that led to the assassination of Judge Massie and his fellow court officers was one of minor importance magnified into significance by the interference of the common law. Two boys, Sidna and Wesley Edwards, had been arrested for disturbing a church meeting. This meeting

was held at the home of Judge Massie. The boys were taken to the court house and held in the jail. The judge, Judge Thornton Massie, was a woman speculator and three court officials in the Hillside court house, on March 14, 1912.

At the top, on the left, is Sidna Allen and on the right is Wesley Edwards. These two men, leaders of the famous Virginia outlaws, who shot and killed Judge Thornton Massie, a woman speculator and three court officials in the Hillside court house, on March 14, 1912, will be placed on trial for their lives at Wytheville, Va., today. At the bottom is an inset of the murdered judge and the Hill side court house, where the tragedy occurred.

The state has charged in its indictment that the former was the actual leader of the outlaws in Judge Massie's court room at Hillside and that Edwards was almost equally as quick with his weapon. Witnesses have been subpoenaed to uphold these contentions. As head friends of both Edwards and Allen have been brought from their mountain haunts to testify to the innocence of the duo in the affairs of the mountain clan, and such a complete web of evidence has been spun about the doomed men that it is believed that there is little chance of their escape.

**Prisoners Have Some Hope.**  
Hope for the prisoners is held out by the lawyers for the defense, however. Their first move is to bring for the freedom of their clients was a motion for a change of venue which was granted upon their allegations that a fair trial could not be had in the territory where the crime was committed. Judge Staples in granting this request set the trial on November 7 at Wytheville, where he is presiding.

**Large Fund for Defense.**  
A large sum of money has been offered by the Allen and Edward clansmen, who, contrary to the general opinion, are not ill conditioned mountaineers but are well-to-do. This fund will be used to aid the prisoners.

One of the most interesting figures in the coming trial is Maude Toller, a Sunday school teacher and sweet heart of Wesley Edwards, through whose love for the outlaw the prisoners were captured in Des Moines on September 11. She has been subpoenaed to appear at the trial and she is expected to tell what part the clanmen of the Allens played in spiriting the outlaws out of the mountain immediately surrounding their homes.

They were eight Allen clanmen in the band that shot up the courtroom, and of these five have been disposed of by the law. Floyd and Claude Allen were sentenced to death. Friel Allen and Sidna Edwards to long terms in prison and Victor Allen was acquitted. Fred Marion turning state evidence.

was presided over by their uncle, the Rev. Garland Allen, a brother of Sidna and Wesley. A primitive Baptist clergyman and minister to the religious needs of the mountaineers in the Fanny Gap region. The boys were accused of poisoning their uncle out of the pulpit. They were quoted as "excusing their conduct by asserting that 'he was too mean to preach.'"

Several members of the congregation decided to leave the law on the Edwards boys. Deputy Sheriff Samuels went over to take them. Floyd Allen heard of the arrest and crossed the country to meet the deputy.

When he saw his nephews in prison his rage was so great that he could not restrain himself. He pulled the deputy out of the wagon, beat him with his pistol and set the boys free. For this offense against the law Floyd Allen was haled before Judge Massie and it was his sentence at the hands of the judge that drew the fire of the gang, who had determined that the old man should not spend one hour in jail.

Night million mouth-harmonicas are made by one large Wurtemburg factory and its 25 branches.

### ELGIN, ILLINOIS, JUDGE DIES OF HIS INJURIES

ELGIN, Ill., Nov. 7.—Henry B. White, of Elgin, judge of the appellate court of the Second district of Illinois, died today from injuries received Tuesday night, when he was run down by a train while watching election returns. He was 53 years old.

### BABY'S HAIR CAME OUT IN BUNCHES.

Layer of Scales on Top of Head, Crust Thick and Yellow. Almost Bald. Itched and Burned Badly. Cross and Fretful. Cuticura Soap and Ointment Effected Cure.

510 East Washington St., Portland, Ore.—"When my brother was one month old a layer of scales or scabs began to form on the top of his head. The trouble began as a rash. The scales increased until several layers thick. There was thick and yellow and looked to be all in one piece but came off in large scales. His hair came out in bunches and baby became fretful. His scalp itched and burned so badly as to make him cross and fretful.

"We used every remedy recommended by our friends without success. Then we started with the sample of Cuticura Soap and Ointment. Within his head soon with the Cuticura Soap and then applying the Cuticura Ointment. Before they were used up we could see an improvement in his condition and bought some more. The scales loosened and came off easily. In about two months after we started to use Cuticura Soap and Ointment the scales had entirely disappeared and his hair started to come in thickly. Cuticura Soap and Ointment effected a complete cure." (Signed) Miss Ella Ehrlich, Mar. 14, 1912. Cuticura Soap and Cuticura Ointment are sold through the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address: Dr. J. C. Kennerly, Dept. T. Boston. 47 Tender-faced men should use Cuticura. —Phyllis Sisk, 25c. 5¢ per free.

### FEEL QUAKE SHOCKS 2,000 MILES AWAY

WASHINGTON, Nov. 7.—Severe earthquake shocks, lasting almost an hour, were recorded early today on the seismograph at Georgetown University. The disturbance continued intermittently from 2:49 until 3:44 o'clock, the most severe being noted at 3:05 a. m. According to the university authorities the disturbances took place about 3,000 miles from Washington, but the direction could not be determined.

DENVER, Nov. 7.—The seismograph at the College of the Sacred Heart here recorded a strong disturbance beginning at 12:46 o'clock this morning and continuing until 1:21. The strongest disturbance was near the beginning. The apparent distance was from 1,500 to 1,600 miles. The direction could not be determined. For seven days slight disturbances have been recorded at frequent intervals.

SEATTLE, Wash., Nov. 7.—A violent earthquake shock was recorded last night at the University of Washington. The disturbance was not more than 2,000 miles distant to the northwest or southwest and therefore probably was in Alaska.

### PHILIPPINE ASSEMBLY EXPECTS INDEPENDENCE

PRINCETON, N. J., Nov. 7.—Sergio Osmeña, speaker of the Philippine assembly, today sent the following telegram to the president-elect: "The Philippine assembly has unanimously and heartily adopted a resolution conveying you its congratulations as well as those of the Philippine people upon your success in the election for the office of president of the United States, and expressing its hope and confidence that your administration will redeem the pledge of the American people to recognize Philippine independence in accordance with the repeated promises of the Philippine assembly."

### STOCKS SUFFER AS ELECTION SEQUENCE

NEW YORK, Nov. 7.—The financial community is not unmindful of the fact that the Democratic party is committed to tariff revision and that situation may be expected to find reflection from time to time in the securities of certain corporations whose destinies are considered more or less bound up in this issue.

Already, in fact, stocks of some such domestic corporations have suffered serious reverses, notably American Beet Sugar and American Sugar, while the shares of the American Woolen company have manifested an easier tendency.

### EASY AND SURE WAY TO CURE COLDS

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membranes lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic balm acts so quickly is because it is applied directly to the tender, sore surfaces.

### POISONED TWO WOMEN BUT NOT BAUER CHILD

LOS ANGELES, Nov. 7.—Mrs. Pansy Hastings Lesh, the young woman who was taken into the Los Angeles police station last week and announced that she had killed Mrs. Eliza C. of Sedalia, Mo., and Mrs. P. M. Quaintance

of Greenlee, the same state, eight years ago, denied today that she had attempted to poison the infant son of Paul Bauer of St. Louis. Mrs. Lesh admitted to the officers that she had been suspected when the Bauer child was ill and had been held in the police station in St. Louis and then released.

"I was given work as a nurse girl at the Bauer home in 1905," said Mrs. Lesh, "and took care of little Paul and a younger child. One day I ate some sauer kraut and became very sick."

The children ate of the same food. In my pocket I found a bottle of chloroform which I had been using to clean clothes. They accused me of having given the drug to the children. I swear before my Maker that I never attempted to poison the child." A Missouri officer is expected here soon to take Mrs. Lesh to that state.

### SUGAR REFINING COMPANY TAKES UP BOND ISSUE

NEW YORK, Nov. 7.—Directors of the pathbreakers of Great Britain issued over \$10,000,000 pledges a year.
